

WELCOME

CSAH 21/REVERE WAY INTERSECTION IMPROVEMENTS

OPEN HOUSE

WEDNESDAY, AUGUST 25, 2021
4:30PM - 6:00PM

SCHEDULE

The proposed schedule for the design and construction of the project includes:

PHASE	TIMELINE
Preliminary Design (Complete)	May 2021 – July 2021
Open House	August 25, 2021
Final Design (In Progress)	July 2021 – Fall 2021
Right-of-Way/Easement Acquisition	Fall 2021/Winter 2022
Construction	2022

Input collected during the open house will be used to complete the final design. Final design will determine construction limits and right-of-way needs.

PROJECT BACKGROUND

The City of Prior Lake, in partnership with Scott County, is currently in the design phase of the CSAH 21/Revere Way Intersection Improvements project.

Design Information

- CSAH 21 is proposed to be reconstructed from a four-lane undivided urban section to a four-lane divided urban roadway with center median.
- Credit River Road and 170th Street will be realigned.
- A 3/4 access intersection is proposed at CSAH 21 and Revere Way.
- Storm drainage improvements, including stormwater ponding, will be constructed.

Project Purpose

- In 2019, Scott County completed the CSAH 21, CR 87, 170th Street Intersection Area Traffic Study which identified the need for improvements to address current and future needs. Multiple intersection configurations were evaluated to determine the preferred alternative.

The goals of the proposed improvements are as follows:

- Address undesirable intersection spacing between 170th Street and Revere Way along CSAH 21.
- Improve the safety and traffic operation of CSAH 21 through the project area.
- Provide accommodations for proposed development and future growth in the area.
